CKWSD General Manager's Report 07.13.26

Florida Commerce CDBG-DR Grant Agreements: The RFQ for Engineering and the RFP for Grant Administration procurements are currently being conducted with a 3:00pm July 17th end date for proposals.

Nextower Communications Colocation Agreement: I have no update. We are awaiting the City Attorney to establish a contract clause addressing any possible FCC ruling.

Workers Compensation Audit Adjustment – Egis Insurance: I have not heard back on the adjustment request for my salary category to be switched from Operations to Clerical.

Fiscal Year 2025 Audit: This past Thursday, we received our first contact from James Moore & Company since the first of the year. We were given assignments to complete for the audit. We have done so. Moore is supposed to set an audit call with me.

Wastewater Adjustment Period: CKWSD currently has a policy limiting customers to one sewer fee adjustment every 36 months. My experience is most utilities' sewer adjustment limit period is usually a 12-month period. I recommend the Board adopt a policy limiting customers to one sewer adjustment every 12-months. I believe this change in policy will have a negligible effect on our revenues.

2026 Water/Sewer Revenue and Ad Valorem Preliminary/Final Rate Meeting Dates: Our Water/Sewer Revenue and Ad Valorem Preliminary/Final Rate Meeting Dates are September 14 and 28, 2026.

2025/2026 Property Appraiser Annual Appropriation: CKWSD's portion of the Levy County Property Appraiser's Annual Appropriation is \$11,951.22 based on the PA's 2025/2026 budget of \$1,453,373.00.

Financial Reports: June is the 75% point of the fiscal year. Water and sewer revenues are at 77%. You will see Ad Valorem revenue for June remains at 91.3% of budget, but we have recently received Ad Valorem payments for April, May, and June in the amount of \$42,994.59 which brings us 100.8% of budget. Total traditional revenue (non-grant) is at 80.6% of budget. of the budgeted amount and is 2% above FY25 June.

Total payroll is 4.8% above budget and 4.7% above this budget period in 2025. Total traditional expenses (non-grant) are 57% of budget. Including the large carryover from FY25 storm repairs, expenses are at 76%.

Bill Adjustment Requests: As this time, we two Bill Adjustment Requests for the Board's consideration. One meets the Board's adjustment criteria.

Subject: Request for Water Bill Adjustment – Island Place Condo Association (April and May 2026)

Dear Members of the Cedar Key Water Board,

My name is Johnny Polasik, and I am the manager of the Island Place Condo Association. I am writing to you today to respectfully request an adjustment to our water bills for the months of April and May 2026 due to an unavoidable and concealed underground leak.

As you know, our community sustained damage to our infrastructure during Hurricane Helene. When we went to bring this specific water line back online in April of this year, a secondary leak occurred. Because the pipe is located entirely underground, the water loss was not visible from the surface and went undetected for approximately one to two months.

Once we became aware of the leak, we immediately shut off the water to the affected line to stop the flow and prevent further loss. However, the billing cycles for April and May had already registered a massive spike in usage that does not reflect the association's actual or historical consumption.

Given that this was an unseen underground leak directly tied to our post-storm recovery and reconnection efforts, we are asking the Board to please consider adjusting our April and May bills to reflect our standard historical average. If only one bill can be adjusted please consider the bill with service date of 4/17/26 to 5/18/26

Please let me know if you need any additional information. I intend to be at the next water board meeting, but in my absence I hope this letter will suffice.

Thank you for your time, your understanding, and your continued support of our community.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Johnny Polasik', is written over a light blue circular stamp that contains the text 'Cedar Key Water and Sewer District'.
